**Subject:** Insights and Learnings from our work with [Design Partner Name]

Dear YZ

We are happy to share our learnings from SVP's work with [Design Partner Name] in [Quarter #][Year]. You can view the report at [link](#).

We are planning a call on [date] where different LP teams can share their insights and inputs based on the work with their respective Design Partners. The invite will go out soon after this. Look forward to an enriching discussion between all the Partners who have been working incredibly hard to support their Design Partners.

Regards,
